

Unstable Raft

Setup

Additional rules

At the start of the game, cats cannot move onto raft D.

Once 2 cats have arrived on raft B, the raft becomes unstable, and the cats must travel to raft D.

All 3 cats, including the 2 from raft B, must make their way to raft D.

To win, get all 3 cats safely to raft D.

Advanced mode

If you wish to play this scenario using the advanced rules then switch raft B with raft E and switch raft D with raft G. All other rules remain the same.
